On

Imparting Skill Development training to RDWU students

Funded by

**Higher Education Department
Govt. of Odisha**

**Rama Devi Women's University,
Vidya Vihar, Bhubaneswar-22**

AIMS & OBJECTIVES

The tremendous amount of technological advancement in the recent times has necessitated the skill development in students to cope up with the increasing pace and changes and to make sure of their desired career. Skill development along with regular education will enable students to deal with competition in the job market. Development of technical and soft skills will generate high-income and provide greater career prospects. Skill Development Committee at Rama Devi Women's University aims at training the undergraduate and post-graduate students of the university to develop technical skills & behavioral traits in their respective domain.

The skill training will include but not limited to the development of strategic communication skills, grooming skills, professional etiquettes, leadership qualities, customer service skills, financial literacy, IT skills, health hygiene & sanitation and entrepreneurial skills as per the requirements of different domains.

The expected end outcome will be either a possible employment in their respective domain after graduation or to inspire students to take more advanced specialized training after completion of their graduation which can result in employment or self-employment.

CENTRE FOR SKILL DEVELOPMENT and TRAINING (CSDT)

Centre for Skill Development and Training (CSDT) under the onus of Rama Devi Women's University was formally inaugurated on 22nd July 2019 by Dr. Arun Kumar Sahoo, hon'ble Minister, Higher Education Department, Govt. of Odisha. The centre has been started with an initial grant of Rs. 90 Lakhs from the Higher Education Department, Govt. of Odisha. The basic aim of the centre is to train the undergraduate and post-graduate students of the university to develop technical skills & behavioral traits in their respective domain.

MOA with CUTM, BHUBANESWAR

A memorandum of association (MOA) was signed with Centurion University of Technology and Management (CUTM), Bhubaneswar for the training of 420 undergraduate students of the University in different skill traits. As per the MoA, RDWU agreed to provide funds to the extent of Rs. 89,95,054/- (Rupees eighty nine lakhs ninety five thousand fifty four only) in the form of five instalments within 31st March 2020 for the training of the RDWU students as proposed in the submitted project to Govt. of Odisha.

On the other hand, CUTM Bhubaneswar agreed to setup skill Centre and Laboratory/training facilities for selected courses within the campus of the RDWU, finalize the delivery model, preparation of the training calendar, conduct the skill based training programme for 420 RDWU students, provide resource personnel for imparting campus based skill development training, manage training expenses, consulting and training support expenses, food expenses, student field visit, certification cost for skill development and submit interim and annual audited statement of expenditure incurred under the project.

STUDENTS' FEEDBACK

To assess the quality and inputs of training and satisfaction, a feedback form was filled from those students who successfully completed the skill training programme. A total of 86 responses were received. The graphical representation of the responses are as follows:

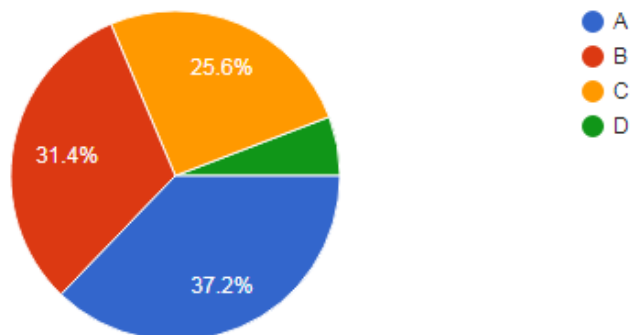

2. Skill trait enrolled for

86 responses

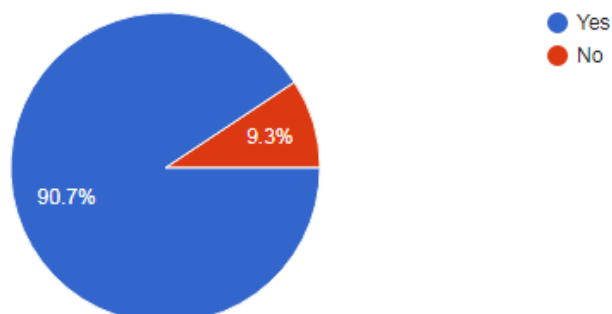

3. Grade secured

86 responses

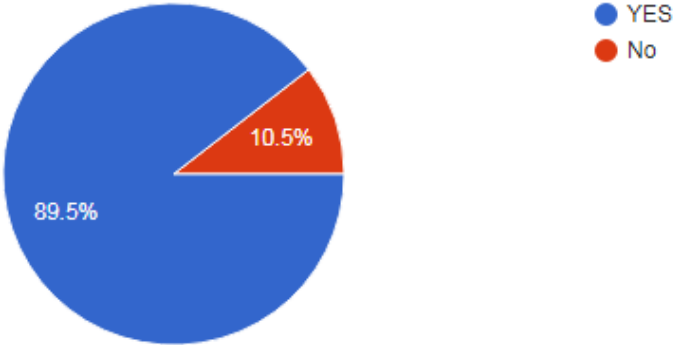

4. Was the course material for the trait provided to you?

86 responses

5. Were you able to perform practicals on the specific skill traits?

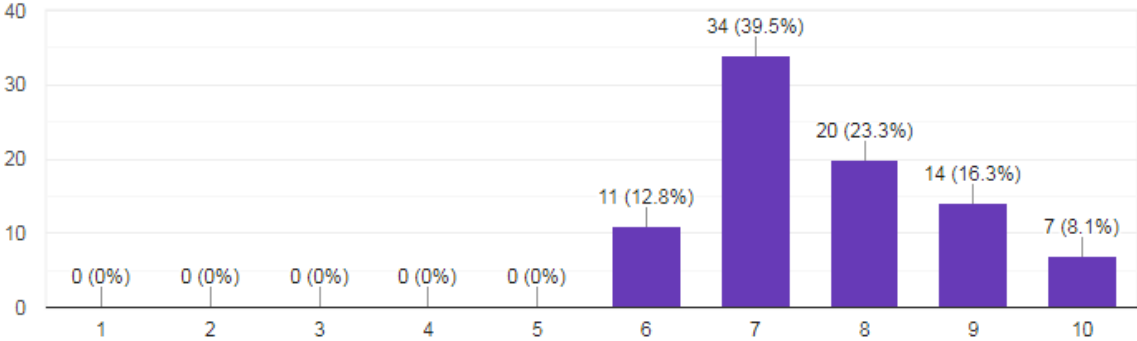

86 responses

6. How do you rate the course curriculum on a scale of 1 to 10?

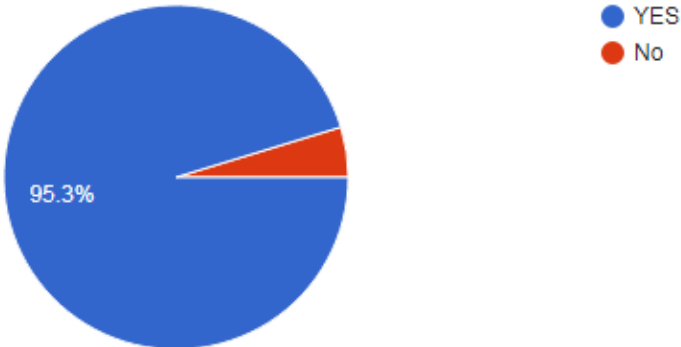

86 responses

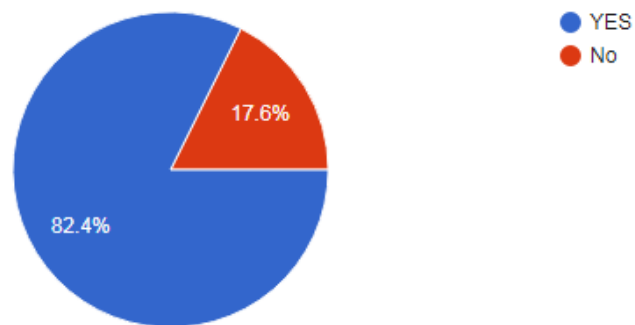

7. Is the skill course beneficial for you in improving you knowledge domain?

85 responses

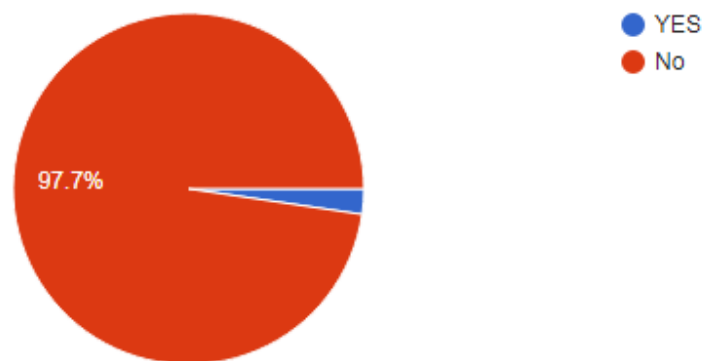

8. Do you think taking this skill course helped enhance your chances of employability?

EXPECTED OUTCOME

The successful completion of the skill development training by the RDWU students may result in either a possible employment in their respective domain after graduation or to inspire them to take more advanced specialized training which can result in employment or self-employment. However, none of the 123 students who successfully completed the skill training are currently employed as all of them opted to pursue higher studies in their respective core subjects.

FUTURE ACTION PLAN

- A second phase of fund may be requested from Govt. of odisha for continuing the skill development training of RDWU students. RDWU do not possess the technical expertise to carry out the skill training independently. As such, CUTM, Bhubaneswar or any other skill development organization can be approached for the preparation of new proposal towards continuation of the current project with desired modifications. CUTM, Bhubaneswar has informally communicated to continue the program for the next year and a formal proposal has been submitted in this regard.
- Of the 7 skill traits being imparted currently, there are only few takers for Digital technology application and Unity gaming. As such, the same can be replaced with more upto date skill traits such as in silico drug designing.
- Apart from the regular skill training courses that could be run in collaboration with CUTM, Bhubaneswar, RDWU can start other skill based diploma courses including digital photography, Graphic designing and e-commerce.
