Observations on the
Model Syllabus for
UG Course in Philosophy

CC Paper II: Logic & Scientific Method.

This is a just a repetition of +2
courses in Deductive and Inductive Logic. There
should, instead, be a course in argument analysis,
fallacy detection and modes of critical thinking.

CC Paper XIV: Applied Ethics

In Unit I, 'Ethical theories', namely,
'Deontology', 'Utilitarianism', 'Relativism' and 'Subjectivism'
have been put.

These are topics of **NORMATIVE ETHICS**,
or **APPLIED ETHICS**. The proper place for these
these topics would be CC Paper V.
