Student Seminar Presentation

Importance of seminars and workshops for students is often acknowledged as a prime concern. Keeping in mind the importance of seminars for students and the benefits of workshops for students, seminars and workshops are an innovative and welcomed step towards modern education. Students learn from each other. Whether they are working on one project or separately, everyone is able to learn from each other during club activities. They are not only receiving insights from their teachers or club advisers but also from their classmates and peers. They gain new perspectives and also learn the importance of respecting another person's viewpoint. Seminars help you to improve your knowledge and get updated to the latest technological developments. Students become more confident and independent. Attending a seminar has numerous benefits, including improving communication skills, gaining expert knowledge, networking with others and renewing motivation and confidence.

The UG/PG students of Rama Devi presenting their assigned topics for the fulfilment of their requirement of students' seminar in their respective departments.

The UG and PG students are participating in the student seminar.

Group Discussion

The students are taking part in group discussions on their assigned topics in their respective departments. It is a mandatory part of curriculum to enhance the public speaking, polish their intellectual abilities and encourage peer learning. Group discussions promote a deeper understanding of a topic and increase long-term retention. Group discussions can also help increase participants' attention and help maintain their focus by involving them in the learning process. Group discussions can also provide feedback to instructors on participant comprehension.

Seminars/Conferences/Workshops

Seminars, workshops and conferences hold great importance of life of a student. They are platforms not only to learn new aspects, others perspectives and latest information, but also a good way of networking. Seminars, Conferences and workshops helps to know about professional institutions and new discoveries in their field. Presenting a poster in conference helps the student to gain soft skills which will be valuable in their academic career. It leads to higher productivity and fulfilment of their goals.

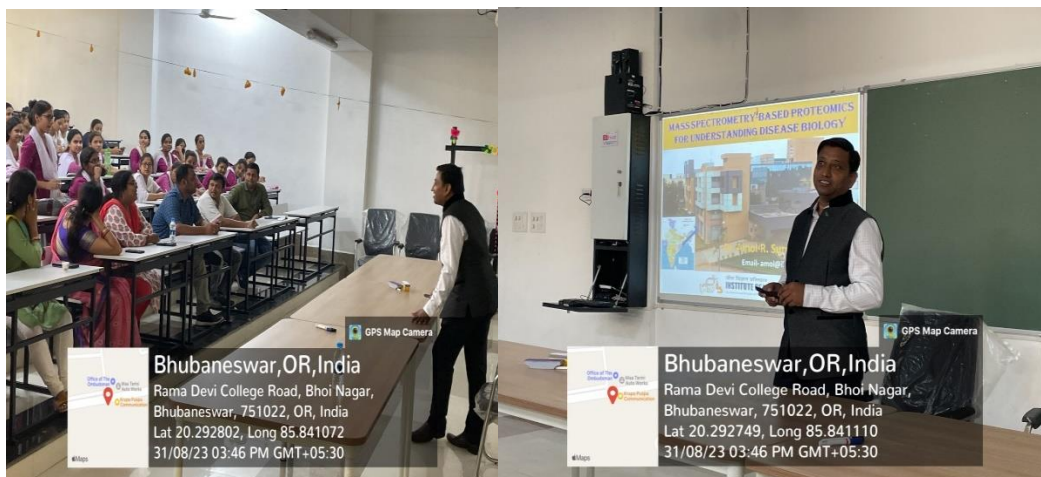

These are a few seminars and conferences conducted by various departments of the University for the better learning and growth of the students.

QUIZ COMPETITION

Students are participating in quiz competition organised at Rama Devi Women's University in 2020.

Competitions

Competition in learning is essential as it encourages learners to strive for excellence. The competitive environment motivates learners to push themselves further, setting higher goals and standards for themselves. This, in turn, leads to increased productivity, improved performance, and better exam results. Rama Devi Women's University conducts various competitions both academic and non-academic based programs. It allows students to excel and showcase their potential and enhance their talents in extracurricular activities as well. It is an opportunity for students to excel beyond classrooms.

The students won prizes in essay and debate competitions organised on the National Science Day 2023 by Science society.

The students won prizes on the eve 8th Foundation Day of Rama Devi Women's University in debate competition.

Students won prizes in different quiz competition organised by Bank of Baroda ,
Independence day and NSS day celebrated at Rama Devi Women's University .
