## ASSISTIVE TECHNOLOGY FACILITIES FOR DIVYANGJAN LIKE SCREEN READING SOFTWARE, DIVYANGJAN ACCESSIBLE WEBSITE AND MECHANIZED EQUIPMENT

The central library at Rama Devi Women's University is committed to ensuring accessibility for all its users, including individuals with disabilities. One notable feature is the availability of assistive technology facilities for Divyangjan, such as screen reading software like JAWS and Kuzweil. These software applications are indispensable tools for individuals with visual impairments, as they convert text and digital content into synthesized speech, enabling them to access and engage with a wide range of academic resources.
